

You're invited to
be part of

Ojai's Centennial

The City of Ojai was incorporated on August 5, 1921.

The Ojai Valley Museum is helping the City celebrate their centennial by compiling a video showcasing *A Day in the Life in the City of Ojai*.

Your organization should be included.

Here's what to do:

Take photographs &/or a short (1 minute) video of your organization, documenting every day interactions and activities.

Email it to the museum no later than August 22.

The museum will compile the images and short videos into a presentation that covers many different aspects of life in Ojai, one hundred years after incorporation.

The compilation video will debut on Ojai Day in October.

Here are the particulars to follow:
