

What do YOU collect?

The Ojai Valley Museum is searching for collections owned by residents of the Valley to share in our next exhibition, *Ojai Collects*. Collections can be anything from keychains to comics to cars. If they highlight something about the Ojai Valley, even better. Collectors must be willing to loan some or all of their collection to the museum for up to four months (November – February).

To be considered for the exhibition, please respond no later than October 1, 2022. Email your answers to the following questions, along with a photograph of your collection, to info@OjaiValleyMuseum.org.

Please keep your answers brief. If we need more information, we will contact you.

1. Your name, phone number, and email address
2. What do you collect? (List up to five collections.)

If you have multiple collections, tell us more about your favorite collection.

3. Why did you start your collection? What do you love about it?
4. What else should we know about your collection?
5. How many objects are in your collection?

Not all collections submitted will be used in the exhibition. Every submission will be acknowledged by email. We appreciate your interest.

Please share this with other Ojai Valley collectors.
